Report

Teaching-Learning Materials (TLMs) are important for the teachers in teaching lesson effectively as it helps student teacher to a better interpretation and appreciation of the concepts, contents as well as the subject matter. Rajasthan Shikshak Prashikshan Vidhyapeeth organized a workshop on teaching material aids on 28-04-2018.

Principal of college said that Learning materials in teaching are crucial to the success of student achievement. That is, the instructional components of lesson planning in teaching depend on the selection of teaching materials. "Teaching materials" is a generic term used to describe the resources teachers use to deliver instruction. Teaching materials can support student learning and increase student success. Ideally, the teaching materials will be tailored to the content in which they're being used, to the students in whose class they are being used, and the teacher.

Report

A One Day Tree Plantation Program was held in the Rajasthan Shikshak Prashikshan Vidhyapeeth on 16th of September, 2016 with the aim to keep the campus clean and green. The objective of the program was to create awareness among the students regarding the importance of ecology and the natural environment.

Due to the tremendous increased in the pollution level; a tree plantation programmed was organized by the student and faculty of the RSPV, on 16th of September, 2016. Tree plantation means planting trees and plants. The purpose of tree plantation is to save the endangered environment and to beautify our life. Trees are valuable gifts of nature. They are known as the best friends of human beings. They benefit us in various ways. As we know that trees are the foremost source for producing oxygen in the environment, they help to reduce the level of CO₂. As the whole world is facing the problem of global warming and another environmental-related issue so as to recover from such a problem planting the trees is become inevitable one of the most important aspects today. The idea behind the tree plantation activity was to propagate the message that planting the trees helps to maintain clear eco-friendly environment reduces pollution and improves the green ambience.

Aim and Objective :-

The main objective of this programme is to upgrade and promote, protection, preservation and monitoring of environment in the university campus by following activities are as followed:-

1. The target number of saplings that to be planted in the programmed was 120 inside the campus.
2. To fixed dustbin made up of environmental friendly locally available bamboo which has been fixed at a regular interval by the preliminary survey.
3. To maintain to conduit atmosphere inside the campus.
